

2016 Hunt Schedule

BACKPACK HUNTS

10 DAY DALL SHEEP HUNTS

July 14 – 25 July 25 – August 5 August 5 – 16
August 16 – 27 August 27 – September 7

The 10 day sheep hunts offer plenty of time to look over lots of country, and good numbers of rams. Depending on when you harvest your ram, you may also have time to hunt for a good bull caribou, and many of our clients choose to keep hunting rather than going home early. You can also hunt together with a hunting partner 2x1 with one guide on any of these hunts, if you'd prefer, at a somewhat reduced rate.

- Mountain Caribou are available as an option on any of these hunt dates except the July 14-25 hunt, and Wolf/Wolverine included.

15 DAY DALL SHEEP/CARIBOU COMBO HUNTS

August 5 – 21 August 21 – September 7 August 27 – September 12

This longer sheep hunt is designed to give the hunter lots of time to look over many more rams in the search of an exceptional trophy, as well as to ensure plenty of time to hunt a Mountain Caribou. This hunt can also be done 2x1.

- This hunt includes Dall Sheep and Mountain Caribou, Wolf, Wolverine.
- Moose can be added to the August 21 and August 27 hunts.

16 DAY MIXED-BAG HUNTS

September 7 – 24

For those who have the time for a longer hunt, this is a great adventure. It is a beautiful time of the year to be in the mountains, as the game is on the move, the colors are changing, and there are few insects. You will hunt a variety of country on this hunt; from the high sheep basins to the lower river valleys, and can expect to see an abundance and variety of game. We will generally move you between different habitats at some point during the hunt, to ensure your success.

- Dall Sheep, Alaska/Yukon Moose, Mountain Caribou, Wolf, Wolverine.

12 DAY SHEEP/MOOSE COMBO HUNTS

September 7 – 20

This later season hunt takes place when the sheep are moving down out of the high summer ranges, and concentrating at somewhat lower elevations near winter range. It is an ideal time of the year to combine sheep and moose hunting, as the moose begin the rut during this time of the year, and you will use a variety of hunting methods, including rafting on the Arctic Red River.

- Mountain Caribou, Wolf, and Wolverine may also be taken on this hunt.

10 DAY MOOSE/CARIBOU COMBO HUNTS

September 20 – 30

This hunt takes place during the peak of the moose rut, and is a good time for calling big bulls into close range. It is also an excellent time to hunt Mountain Caribou, as they move down out of the mountains into the foothills to prepare for the rut, and are concentrating in large numbers.

- Wolf and Wolverine included.

8 DAY MOUNTAIN CARIBOU HUNTS

September 12 – 21 September 21 – 30

These hunts take place in the foothills at the northern edge of the mountains, where the caribou are concentrating in large numbers for the rut. Hunting is done out of heated tent frame camps, and you can generally expect to see good numbers of big mature bulls. These hunts are typically booked for two hunters, but can also be booked for a single hunter.

- Wolf and Wolverine included.
- Moose can be added to the 1x1 caribou hunt.

10 DAY HIGH-COUNTRY MOUNTAIN CARIBOU HUNTS

August 5 – 16 August 16 – 27 August 27 – September 7

These hunts take place in the high basins, where the bulls spend the summer and early fall in bachelor groups, and the hunters are mobile, backpacking through the high country in search of bulls. You may also spend some time hunting out of one of our comfortable cabins on several high lakes in the area, but should also be prepared to spike out, if necessary. On these hunts the bulls will be in the velvet, with the exception of the August 27 – September 7 hunt, when they will be hard-antlered. Trophy potential is exceptional on these hunts, and we harvest many record book bulls each season. These hunts are for two hunters only.

- Wolf and Wolverine included.

HORSEBACK HUNTS

10 DAY DALL SHEEP

July 14 – 25

10 DAY DALL SHEEP/MOUNTAIN CARIBOU COMBO

July 25 – August 5 August 5 – 16 August 16 – 27
August 27 – September 7 September 7 – 18

These exciting hunts take place in some very remote and wild high country that has rarely been hunted, but produces exceptional Sheep and Caribou. These hunts are ideal for those hunters who are looking for an extended mountain hunting adventure, and enjoy a exploring new country. At this time of the year, the sheep and caribou are sharing the summer ranges, which makes a combined hunt ideal.

- Moose can be added on the August 27 and September 7 hunts.

10 DAY MOUNTAIN CARIBOU (for two hunters)

July 25 – August 5 August 5 – 16 August 16 – 27
August 27 – September 7 September 7 – 18

These hunts provide a great opportunity to hunt world-class Mountain Caribou on a single species hunt. During August, the bulls are living in bachelor groups on their summer ranges in the high basins. This is also a great hunt for archery hunters looking for a trophy caribou.

21 DAY FULL MIXED BAG HUNT

August 27 – September 18

For hunters who have the time, and want the full experience of an extended multi-species hunt in some remote and seldom hunted country, this is a great opportunity to re-live the good old days of mountain hunting. Rams in the area tend to have very heavy mass, and the Caribou hunting is fantastic, with bulls in the record book commonly taken. This is also some of the best Moose hunting country in our area, and produces tremendous bulls.
